The word 'Human Services' is used when someone faces social challenges for 'help' or 'support' people. 'Human Services' is expanding rapidly its area such as field of social welfare, medical, nursing, clinical psychology related mental care, health promotion for aging society, assist family for infant and child care, special supporting education corresponding to vocational education, education support sector corresponding to era of lifelong learning and fluidization of employment corresponding to the area of career development. Human Services area, if its research methods are scientific, is internationally accepted and greater development is expected by collaborative research which is performed by multinational and multi-profession. This journal aims to contribute to the progress and development of Asian Human Services.
